

FOR IMMEDIATE RELEASE:

NEWLY OPENED DELTA SKY LOUNGE FEATURES HINKLEY LIGHTING'S CASCADE OUTDOOR SCONCES

June, 2013 – New York City and Atlanta – Hinkley Lighting's Cascade Bronze outdoor wall sconces are on display in the newly opened The Sky DeckSM at John F. Kennedy International Airport (JFK) and Hartsfield-Jackson Atlanta International Airport (ATL).

The Cascade Bronze outdoor wall sconces were chosen by renowned interior designer Thom Filicia in his partnership with Architectural Digest to create unprecedented outdoor lounge areas adjacent to the newest Delta Sky Clubs[®] in ATL and at JFK.

The JFK outdoor lounge area opened May 24, 2013 in the new Terminal 4, while the ATL lounge opened on June 10, 2013. Thousands of global visitors will relax while watching planes take off and land from the outdoor lounges.

The Cascade Bronze outdoor wall sconce was chosen for its ability to withstand the elements and airport standards while remaining chic. The sconces are placed on the side of planters and tables within the lounge to provide accent lighting.

Located in Cleveland, Ohio, Hinkley Lighting has been a leading manufacturer and distributor of high-quality lighting fixtures for over 90 years and is driven by a passion to blend design and function in creating quality products that enhance the lifestyles of their customers.
